

Revealing Hidden Travel Costs

How to find—and manage—the costs that might be driving up your travel expenses

On the Surface: The Price of Business Travel

Business travel airfare is expected to rise 48% in 2022 compared to 2021.

The price to book a hotel room will rise an estimated 18.5% in 2022.

The Hidden Costs Driving Up Travel Expenses

40%

of U.S. business travelers admit to booking outside of their companies' travel policies.

It takes an average of

20min

and costs almost

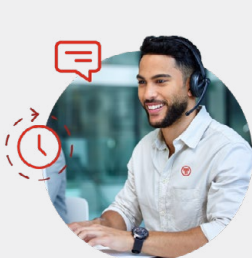

\$60

to conduct an expense report for a single night hotel stay.

19%

of expense reports have an error, which can lead to companies overspending on travel.
